“ We can't begin to imagine what you are feeling, but please let us hear our heartfelt condolences. In just a little while all of the pain and sorrow that we feel from the death of a loved ones with cease and be replaced with joy, because the former things have passed away. Thinking of you all.

“ Our sincere condolences to the Spicer family. Demetrius worked with our company as an educator and made a difference in the lives of many of the students that he taught while working for our company. He worked with our company until March of 2020 as the pandemic shut down in person learning. We appreciated Demetrius' dependability and his dedication to the schools that he served in. He worked as if this was his mission and the students that he taught are so much better off since they were in his classes.

Please know that we appreciate Demetrius' dedication to the students that he was responsible for and how he represented himself and our company on every assignment that he was on. We pray that you will be comforted during this time and that the youth that he made an impression upon will be but a portion of his legacy.

“ Our sincere condolences to the Spicer family. Demetrius worked with our company as a beloved educator until the initial shutdown for the pandemic. Demetrius was dependable and effective in his role and took the responsibility to care for and educate students seriously. He was a classroom teacher for our company and served to fill in the gap and take full responsibility for his students. We were saddened to hear of his passing. We want the Spicer family to know that Demetrius was unselfish and made a significant difference in the lives of the students that he taught. We are praying that God's peace will be present during this time and that you are somewhat encouraged by knowing that Demetrius made a difference on the generation of the future.

“ Thank you cousin for being a light to your family, your students and many young men whom you have inspired in the game of football. You lived a life of purpose! I wish you were able to stay much longer with us but God had another plan. I appreciate your televideo call to us weeks in advance. You cracked jokes, we laughed, you spoke of career goals, we encouraged. My grandmother was excited to hear from her baby nephew. She cried when you departed from the call not knowing it would be her last chance seeing you. She told me that she had named you as well so you was a special person to her. May your inclination to the heavenly realms be blessed. Take your rest! Love always, your Aunt Omega, Cousins Carmen and Shontina!
