“ *My deepest sympathy to the family of Dr. Albert Hayes. Dr Hayes has been my doctor for about six or seven years he was one of the best doctors ever he was so concerned about my health and making sure i didn't have a long wait before seeing him he took time and talk to me as if I was his sister Dr Hayes you will not be forgotten thank you so much for your kindness, one of my fondest and funniest memories of Dr Hayes is when he would tell me I needed to lose weight because he didn't want me to join the 300 club :) RIP Carolyn A. “ *To the family of Dr. Albert Hayes jr.*
I would like you to know that he was for me a teacher, a colleague and my friend.
His outlook on life was always positive even in the past few weeks, we laughed and shared memories of working together at some Detroit Area Hospitals when as he would put it "things were good then". I have my fond memories that Hayes and I shared between one another smile on my face now. Thank you lord for having put him in my life.
May Hope , love and the memories of his life give you the strength now and forever.
With my condolence Charles McRae, M.D.
