“ *The best Ob & gyn. I have ever seen. You had to wait all day for your appointment he'd be late delivering baby's at the hospital but he was worth the wait of his knowledge and expertise. I speak highly of him still to this day for being the best medical doctor. It saddens me because he was such a great doctor and can only imagine what a great person he was outside of his work.*

“Wow this was heart breaking. I was 1 of Dr. Pickens 1 patients when he started his practice in 1981. There would be days I would be sitting in the office waiting on my appointment and he was late because he was delivering a baby, but was always out of town for the birth of my kids. Lol. He then became the doctor to many of my family. I new his wife and he always talked about his sons. His motto was every woman needs to have a baby and he helped another couple I recommended to have twins. He will truly be missed.

“I just was thinking about Dr. Pickens and decided to Google his name today 10-10-23 and discovered he has passed. He delivered my first child 31 years ago, my second 19 years ago and had it not been for a miscarriage he would have delivered my last child 8 years ago. He was the best DOCTOR! He truly reminded me of a wonderful uncle. He will be missed.

“ I had the opportunity to work with Dr. Pickens At Sinai Grace in Detroit. I was a unit clerk. He would write his doctor’s orders and I would transcribe them. He was very comical. I later named him “Uncle Pickens”. He had a general Interest in my education and I later became a teacher and actress. I just found out he was deceased. Much Love, Veronica G. Sims.

“ I had been thinking about Dr Pickens and decided to Google his name and discovered this sad news. Not only had he passed on my birthday last year, I was not able to pay my respects. Dr. Pickens was my Superman as I met him at the tender age of 14. He was seeing patients off W McNicols at Woodward and working out of Hutzel Hospital. Dr Pickens' memory will live forever through all the kids he birth. He was a class act. Thank you for all the fatherly advice. May his smile continue to shine upon every one lives he touched.

“ I had the pleasure of meeting Dr. Pickens at Sinai Grace in 2009 and again in 2012 he delivered two of my children for me. I remembered thinking when he first walked in the hospital room for my first delivery that he was sharp as a tack. He can’t be here to deliver my baby dressed all the way down like that!! But he was and he did a great job making me feel at ease. He was very informative and helpful with both deliveries and he will forever be remembered. I send my sincere condolences to his family and friends and all that he had an impact on. May he rest peacefully.

“ Sending love and prayers to the family of Dr Pickens. He was a trailblazer in the field of OBGYN. He had an amazing sense of humor. He knew who his people were but treated everyone with respect. I will miss him calling the unit asking, "What nurses are working today?" He was a great man who will be greatly missed. Love, Mrs. Leverette!

“ My sincerest condolences to his family. Dr. Pickens delivered my 1st child. God put him in the right place at the right time. I remember finding a lump in my breast and got a same day appt. I broke down crying fearing the worst. He said what are you crying about? I told him I didn't even have life insurance. In his own comforting way he told me I didn't need it he was a medical doctor (LOL). I stopped crying. It was a cyst. He always called my baby ugly. He always made me laugh. I miss him. Heaven got another good one. With love Linda Hammond.

“ We shared many precious memories with Dr. Pickens - We always get a kick out of the time that we vacationed in the South of France. Dr. Pickens drove us to Tina Turner's hometown (Villefranche, Provence); we asked the gendarme for directions to Tina's house as we were from her hometown and wanted to visit. The official honorably obliged and responded by taking us to her house, opening the gate and letting us go on a tour of her property. What fun times!! RIP, Bud
