“ *I remember me coming over your house & we went to red lobster for your birthday. Lol you told your mama & auntie that I was deon girlfriend. I also remember when cliff was first born, you sending me videos of angel chewing gum, us going to the movies & us going to this haunted house last year. In school you was the funniest, I swear! All we did was laugh in class lol & at the lunch table you always had something good that I was trying to eat. Dontay looks exactly like you, that's your twin. We all was just on face time together too. Then you had called July 3 asking if I wanted to come to cedar point with you & how we both was trying to get our nails at 8:00 that night lol... I love you & you mean everything to me. I have nothing but good memories of us that I will cherish for the rest of my life! Love you best friend, tori ayler.*
