“ Dear Anita,
You always worked hard for school, for your family, for our Deaf
Treatment Clients at Residential Care Alternatives for 15 years.
Now you can rest.

The clients would sign to you: ILY - that is for themselves, the staff,
and your co-workers.

Your job is done here, but we will continue on with the struggle for
the health and rights for every person.

We will take care, as you always did, Dear Friend.

XOXO,

Elizabeth Miller & Ed Stuckey
RN, MSN, PHCNS

“ Mrs. Howard was a beautiful woman who was
like my sons other mother. She will truly be
missed! My prayers and condolences are with
her family especially her children and
husband. May you find peace and comfort
knowing our sweet angel is watching over you all and there is no
more suffering. Let her life be honored the way she lived!

The Brown Family
Praying for strength and peace!

“ I apologize that I am unable to see Anita and her family today or tomorrow. However, spending time with her and Robert on the Friday before she passed will remain a cherished memory for me as well as all the time we worked together at First Step. She gave of herself so freely and generously. Please advise about where we might send a donation to honor her.

Mary Jane Hood Weidenbach - July 31, 2016 at 11:37 AM

“ Anita and I graduated from Madonna together many years ago. We also worked together at First Step . She was the most optimistic, kind and supportive person that I have ever met. Her smile could light a room or melt a heart. She was humble and intelligent and boy did she love Robert and her children. When I last talked to her she said she would be fine and she was in Gods hands. Deepest condolences to her family and friends. She will live forever in your heart where she is safe and at peace.

“ My deepest condolences to the family of a Anita. I had the pleasure of working with her when we were at RCA and partying at Nick's Gaslight. I loved her smile and how she lit up the room. She will be missed.

“ I love Anita so much and is going to miss her so. She was such an awesome lady with so much wisdom, and made the best sweet potatoe pie. She made my day, all the time she always had a smile for me and I wil never will forget it. Rest easy my friend until we meet again.
