“ *My Deepest Heart Felt Condolences to my extended Detroit Family. There's not a day that goes by that I don't remanence all the good times we shared in New York. We use to sit around have good laughs and listen to Annette Play Gerald Levert (baby hold on to me) over and over again while sipping on her Coors Light. I also remember when she use to baby sit my oldest daughter Shaquanna, she use to say I will read to her while she's a baby so when she gets older she'll love to read just like me. Oh how proud you would be of her now. I say this all to say you played a major part in my kids and my life. You treated us as if we were a biological part of you. You showed us that blood doesn't only make you family. Annette you will truly be missed and thank you for loving on us.*
