“ My man, my brother Tony someone I have known most of my life. You were my oldest brother's best friends as kids, but I always looked as you as more than a friend you were a big part of my family. I will miss you and I'm still in shock that you are gone. I really wish I had seen you before you left us. I love you and I'll see you in the next life.

Your brother Alex

“ Those we love remain with us for love itself lives on. And cherished memories never fade because a love one's gone. Those we love can never be more that a thought apart. For as long as there is memory, they'll live on within the heart. The heart remembers most what it has loved best. May memories comfort you and bring you peace. Our thoughts and prayers are with the family during this difficult time of bereavement.
