Happy belated birthday baby I know it's after but you know cause a few hours before your birthday we lost Our friend & driver Leslie. I keep thinking now how I rather miss the month of May year after year 💔💔💔💔 I'm sure you are all celebrating playing dominos spades, bid, chess definitely chess, pool & laughing up a storm. We miss you baby 💔💔💔💔 & We think about you often without crying now cause you gave us much more joy than pain... I know I wasn't great in the end due to my illness 😞... I just did what I was told 😞 If only 😞💔💔. I will always love you as I promised you I would. No matter who what, when or where...!!!!
