“ *Archie was a good friend, we worked together for over 30 year at General Motor s. He was honest, dependable and caring person. When my wife was raising funds for Historical Tougaloo College located in the state of Mississippi, Archie was compelled to support the college with an annual donation. He later discovered some of his own family members had graduated from Tougaloo College. Archie believed in the motto "A Mind is a Terrible Thing to Waste. Therefore, he supported helping students to attend college. I have seen him display this kindness many ways when it came to helping others.*

*While working at GM, Archie decided to return to Wayne State University where he received a second degree in Spanish. He enjoyed watching Hispanic TV programs and enjoyed every opportunity to converse with others Spanish speaking people in sharing his love for the language.*

*Archie was a man who did not require attention for every good deed performed, he just moved on to see what he could do next. Archie always inquired about my family and showed an interest in their lives. He enjoyed my wife's cooking and they even shared recipes from time to time. I will miss my friend, the projects we did together, our interest in automobiles, and the many many conversations we shared over the years..*

*Rest in Peace Archie,  
Ray, Minnie and Brent Roberts..*

*I graduated with Archie from Bridgeton High School Class of 1961. We kept in contact on class happenings, reunions & those classmates that have passed. I just found out on his passing. Our class has lost a kind, caring person. He called me just before our last reunion in 2016 & told me he could not make the reunion due to long trip. He was going to order the Booklet I had done for the class. I was very surprised there was no Obituary on him. Thanks you for your input on him. He was lucky to have you as a friend. My name is Eleanor Table Wydra- TheWydras@Aol.Com  
RIP dear Archie.*
