“ *From CJ Jackson: One of my earliest memories is of my parents saying "Hold your little brother's hand"... God now holds his hand until I get there. There was only one BoJack, and we were all blessed to have him in our lives. He will live on in our hearts. Love you little brother.*

Very well said and so very true. BoJack was a very special man, always willing to help anybody who needed help, always the same and ready to go, always with something to do. RIP BoJack and may GOD bless you and keep you always. Our memories of you will never fade and you'll always be with us in heart. My condolences to all of the family.

“ You enjoyed your life and always found the fun. Everybody loved you because you were genuine & good. And cool! I'm so glad we were able to visit you in the last couple years and stay in touch - just wish a pandemic hadn't kept us from coming back. We sure will miss your "colorful" stories and "hittin' the streets" with you. You really did know everybody! The best uncle & brother ever... We'll think of you often & fondly. You will forever be missed. Until we see you again... Party in Heaven?! Love Toni & Cee
