“ *The death of a child is among the most painful losses a human can experience. Our Heavenly Father has the power to undo such losses. We know that this is true because he empowered a few men in Bible times to resurrect the dead. One case, recounted at 2 Kings 4:8-37, involved the resurrection of a young boy by the prophet Elisha. This resurrection is a source of hope and comfort. Jehovah God understands the grief of parents who have lost a child in death. He wants to undo such losses. The resurrections performed by Elisha and others in Bible times are a token of what Jehovah will do on a far grander scale in his righteous new world to come. Delve into your Bible, learn more about the God who gives us this precious hope .##imported-begin##Tyise Gray##imported-end##*

“ Alceda White - July 26th, 2010 at 4:11pm - Email
To the Allen Family, I lost my baby and she was 27 days old. I can reassure you that God doesn't make any mistakes. Your Angel Alexis has went home to his father. If you keep serving and praising your heavenly father he will give you strength to understand his will. I know you will have many days where you will not be able to sleep. Read your Bible and stay close to your family and friends. God will allow you to live and keep Alexis Allen's memory alive. May God Bless you and keep you. I'll continue to pray for you.

“ My heart is heavy for the Allen family. Your loss is shared by many who care. Death, at any age is tragic, especially when life has just begun. Death is an enemy of us all. Alexis should have been a promising young lady who should have had eternity ahead of her. The words to ease your pain can only come from the bible. Matthew 11:28-30, Jesus says, “Come to me all you who are loaded down . . . I will refresh you”. 2 Corinthians 1:3, 4 Jehovah is the God of all comfort, who will comfort us in all our tribulation. Please throw your burden, upon him, because he cares for you. Draw comfort in the resurrection hope. Revelations 21:3,-5 Isaiah 26:19, Proverbs 3:5-7.##imported-begin###Liz###imported-end##
