“ *To Ra'Nay Bissie Cox; Family I offer my sincere condolence. when a child die we realize how very precious life is. Death of a baby is particularly hard for the Mother. The Bible acknowledges the bitter grief that a Mother can feel (kings4:27) Of course, it is difficult for the bereaved Father as well. Death is an enemy. The humans race has many other common enemies, such as sickness and Id age, which likewise cause much suffing. God promises to vanquish them all, finally passing sentence on mankind's greatest foe. As the last enemy, death is to be brought to nothing."---1 Corinthians 15:26###imported-begin##Deborah Gipson###imported-end##*
