“ *This hurt really bad. When I have to say RIP to you. 😭Rose we started from 18 at Little Caesars where we would have fun argue and fight. (Because you where older than me by months) you thought that I had to listen to you and you will say you are so stubborn Rena and you don't even care what comes out your mouth. We went through a lot growing up.(the stories we could tell) but you became not only my friend but my big Sister. We had so much fun together from the sweater dresses, to the clubs (us not being 21 getting in) and from the talks,cries to the laughs. You taught me a lot(when you thought I wasn't listening but I was). As we continued to get older we still had that unconditional bond. We had nothing but love for one another through it all. As I'm missing you right now. I know God had a better plan. Make sure you say hi to my mom up there. You use to impersonate her so well. 😭😭. Going to miss you Rose. Till we meet again. OVER 30+ FOREVER*
