HS graduation, college, his grad trip instead of a gathering and our family fun vacation all of which happened this summer...but for some reason it didn't post. Lol. I'm glad it didn't. I was just rambling because it's been awhile since I've written. I (we) miss you everyday. The vacation bird story was sweet and funny. We're all doing very well and miss you like crazy. See you in my dreams Luv Love you💖Kimi*

Happy Thanksgiving ❤️💙💜
Jessica made pies this year and got the wrong pie shells lol, than tried to convince me they would taste just fine. Hahaha. Darius is just like you and only comes down to eat or check on me. He's such a wise young soul. Gotta luv him! And as you know Nikki is going to be Nikki...same old mess, just another day. Smh And I well I'm hanging in there. We miss you soooo much. We know you miss us too, but we are so grateful to have had you for the time we had and God allowed. Still hurts! I know your spirit is still with us because I can feel it. Every year I went around the table and asked you individually what you were Thankful for? Well this year I'm Thankful for the enjoyable times and great memories we have. Darius, Jessica & Nicole all laugh and cry when they speak of you. Today was one of those days. I haven't reached that point yet. Well just wanted to say, Love you bunches ❤️

I know you are in the presencse of God and that gives my heart favor. We're struggling today. No place to place your flowers & blanket which gives us some since of peace, hurtfully it's been snatched away from us. I will fight this too make this right. While you are with God please ask him to handle this. Tell my Auntie Mom (Aunt Cookies) I said I miss talking to her, and thanks for being so beautiful on earth, She too must be glowing up there. Life and people have truly changed since you two went away. Bu,t i believe this too was always in God's plan.*

“ So my love, you asked me to mingle and try to socialize. So, I took it upon myself to reach out. But, guess what? That doesn't work for me. I know you meant well, but people are just who they are and so am I. Everyone's not spiritually sound. Spirits are all over the place and that's okay for them, it's not okay for me. I'm only looking to grow in the most powerful and spiritual ways possible. For me life's to short to do otherwise. Nourishing the heart and soul in alignment for positivity and growth will comfort the heart with happiness. Thanking the Lord every step of my way. I love you Bobby and I hope you're watching over us and blowing love and blessings are way. Still so very sad missing you...praying the Lord will take this pain away. Here's to better days!

Wow, it's been 13 months and still feels like yesterday. It's crazy right! I saw the grandbaby the other day, he's still singing & dancing, extremely alert, cute little fellow. Dino's growing like a weed as he's becoming quite the gentleman. Swag is not a word I normally use, but he's got a little suaveness going on. You should have named him Bobby. Your girl Jay is walking across the stage in April. Sml, now we can stop asking, she did it!... Proud! Ms. Nikki's coming into her own. Always keeping them all in prayer.

Hun, I miss your corny jokes. Like, I'm a Stallion (pause)-You wanna ride? Lol

Here comes another season...whew. Time to work in yard & garden. Broke back Suey here she comes - see you in the window Lovebug :-)

“ Remembering your last Super Bowl gathering at the house 2015. There was a snow storm, but your buddies from work drove from many places, bringing all types of dips and home made deer beef jerky. You were so shocked! Dino was sitting under you, amazed getting spoiled and loving every moment. Watching you laugh and smile as the guys teased you about your TV screen (they said you'd been holding out on them) priceless!

“ Lovebug, Feb 3rd of 2015, I couldn't stop your pain no matter how hard I tried. The nurse came then the ambulance and off we went. You would'nt let ambulance workers upstairs to assist you and walked down those stairs, on your own terms. Strong, Amazing Loved and So Admired, I will never forget that moment. My heart was on the floor emotionally. You gave me strength even in your moment of need. I miss you soooo much! Superman!

“ God made me numb that day. We said everything we needed to say. We said see you later and never said goodbye. I told myself you were taking a long nap. When I got home nothing seemed real, so I told myself you were on one of your work trips. It's been almost nine months now and the tears are just starting to flow. Lovebug, Hubby-Best Friend, I miss you so MUCH. I thought I'd see you more in my dreams. My grieving has just begun. The changing of seasons are really tough. God has given us an Indian summer this fall and I'm taking this as a sign, that everything will be okay. You did tell me; Hun, your going to be okay! As if you'd had a talk with the Lord. I believe you did. My heart is heavy...It hurts. God's got it and you're right everything's going to be alright (in time)., We love you and miss you!

Wasn't the same without you...and sometimes it feels like you're sitting right there with us. The fireworks were beautiful again this year. Dino, Jay and I wrote on a lantern, lit the flame and sent it up into the night sky, in your honor. It was beautiful!, did you see it?
