“ I love you Brandon we been friends for 17 years but you weren't just my friend. You were my brother you were the person I could call and talk to about anything you were the person I could sit for hours and talk about life, our future becoming successful. Childhood memories or plans how we would grow old and and take care of our family. I always looked at you as family never as just a friend I have so many fond memories of you just a few days ago we were talking about how 2024 would be great for us. Nothing would stand in our way. Procrastination was out the window. I'm glad you're in a better place. Where there is no more heartache no more suffering. No more sleepless nights, no more worrying. I love you forever your brother. -Tory
