“ Carla was my friend for over 37 years. Her smile was so bright and the first thing that I saw when we first met. She gave me guidance when I needed it and her opinion whether I wanted it or not. I will truly miss her.

“ Ben and Hannah your mom loved you to the moon and back. Ben I remember her dedication as a parent at Brace Lederle when we went to America Sings. I also remember her as an educator who came with us to Chicago teaching me about how to handle our students. Hannah your mom was fiercely protective of you and your happiness. And her dedication to her students was well known. Your mom advocated for the treatment of each and every child. May her memory forever be a blessing of a good person and a mother who loved you both.

“ Carla was such a warrior for those of us in the autism battle. I will always remember her love for our kids/her students and all the support that came from her. She was priceless in her sense of humor. Although I have lost a good friend, I will still feel supported by her because of all she taught me. Carla will never be forgotten because of all the lives she touched and her influence will be felt for the ages to come.

“ You were their voices, u advocated for them. You purchased things out of your very own pocket for them. You loved and nurtured them as if they were your own. You taught them with love and expertise. You loved each and every one of your students with your whole heart. You had such a kind spirit. I'll treasure our trip to the Zoo, because we were able to bond. I love how you were with Cory, you didn't baby him when it came to schoolwork ( only when he wanted to be snuggled by you 😊) I will forever remember when he called you Dr.Frazier and you said, alright keep it up Cory you're gonna make me go back and get my doctrine 🤗 Cory loved you Dr. Frazier and so did I ❤️💔
