“ Ruby and Tom Shadow sent a flower basket called Love's Journey and the "Train of Life" tribute to share with our family and friends. A memory I want to share with you was when I was 12 yrs. old, and Carrie and I was on a fishing pier and camping out with Dad and friends. It was a nice experience for all of us, especially Carrie. She was quick to laugh and join in the fun. She will be missed. Love you.

“ The world needs to know what a woman and powerful woman you were. A conversationalist by nature. I will truly miss our conversations about what’s going on in the world from a global perspective. I will also miss our conversations about hitting the power ball and purchasing our Island. Your legacy will live on through Anita and your grandchildren! You were an incredible amazing person, that I had the pleasure and privilege of calling Momma, we love you to the moon and back
