“ *Celena was such a bright star in a cold world. She cared so much about the community she served and helping other families with children with special needs. I was honored to be her co-worker and appreciate her kindness towards my sons and I. I will miss her greatly. I know how strong her faith was and I know she is now an angel watching us above, but my heart breaks for all of us left behind. I continue my prayers for her family.*

LP

Celena was very passionate about her work with special needs children. I only met her once, but she gave me a wealth of information that helped me in my situation. She will truly be missed. May God strengthen her family and friends to get through this difficult time.

PC

Sorry for your loss. I remember her strength and love for both her daughter and others. She was always dressed like a lady. She handed out information in her church about Autism. She cared for the whole Autism community. Her light will be missed.
