“ This is so hard for me but I do know that my God is going to give me the strength that I need during this difficult time. I have so many fond memories but the greatest of them was the last phone call that we had. It was never a time that we didn't end our call with saying we loved each other, but this was holds a special place in my heart. I do know that weeping may endure for a night but joy cometh in the morning. You may have departed from this earthly home but I do believe that you've gained your wings and is headed to glory. There were times that you had to deal with life situations but you always saw the good in it. You've made a difference in so many lives, not just family and friends but alos strangers. Your legacy will forever live because you were the type, no matter what the situation, would always somehow see the best and for that I'm grateful to have had the opportunity to call you my cousin/brother. Charlie you did and always will have a special place in my heart. So now I must let you go to dwell with the most high, but I do know that your wings were made for you and you alone, your time of departure was set for you and you alone, but the love that we shared was for us and us alone!! Love you Big Daddy for eternity. Rest on my dear.  
Lovingly submitted from your cousin/sister Linda!!!!
