“ *We are thinking of you all with warm thoughts and prayers. How comforting it is to know that the God of comfort will eliminate all grief and provide permanent consolation when all those in the memorial tomb will come out. Thinking of you all.*

“ You literally danced your way into my life 15 years ago and stayed true and loyal even though we didn't make it as a couple. It would only be a miracle to know another Man with a heart and spirit as radiant as yours. I'm fighting the feeling of being angry with God for taking you so young, only He knows how hard you've fought to stay healthy and alive all these years.. But He must have bigger plans for you, so I'll pray the negative feelings away the best I can. A piece of me will ALWAYS be wherever you are. You're incredibly and painfully missed. I love you Munchkin (invisible).
