“ Given her extensive professional body of work, wonderful commitment to two loving daughters, and family, and her faith and resilience in overcoming several health challenges, I understand why many see Debra as a woman who tried to live her life to its fullest! Those of us who know Debra, add we believe that Life itself... tried to Live Debra to the fullest! Lovely human role model!

I had the pleasure of getting to know Debra as a grandma at Friends School, as well as working with her in her community endeavors. “ *Debra was not only our dear friend and leader in community engagement, but she was role model for so many. Debra embodied the spirit that one can only be inspired by. She helped our community in ways that will positively impact Detroit for generations.*

*Debra worked tirelessly to help our community, neighbors, and Detroit. This extremely painful loss is the spark we need to honor and continue her passion for betterment of humanity.*

*A couple weeks ago Debra and I spoke at the Corktown Pumpkin Festival about what drives us, what makes us want to be part of so many different causes, events and community engagement/representation organizations... Debra so simply and eloquently said... the only way to live in a community your proud of, is to BE part of that community.*

*I love you Debra Walker and I'm grateful I will forever be able to call you my friend.*
