“ *My sincere condolences to Denise's family, friends and especially Skylar. I have worked with Denise off and on for the last 10 years, and currently am a teammate of hers. I appreciate all of my time working with her, sometimes under great conditions and sometimes not so much, but we always worked together to successfully accomplish our goals. This last year being on the same team again I was able to meet Skylar in person when Denise brought her into the office. I was finally able to see that beautiful smile her mom talked about on a regular basis. The light of her life and the one she cherished beyond measure. Skylar, may God bless you and guide you and give you strength as you make your way through this difficult time. Always remember that your mother loves you endlessly and she talked of you often. I've lit a "green" candle in honor of your favorite color Denise. May you rest In Peace my friend♥*
