“ I was deeply saddened to hear about Denise passing. I just want to share with everyone how much she meant to those of us who had the privilege of working with her. Denise was more than just a manager she was a truly caring and supportive person who always looked out for her staff. She made all of us feel valued. I will never forget my interview with her she had the best personality. She made us feel valued and heard and that meant so much to all of us. I just feel fortunate to have known her and have worked under someone who really cared about her team. Please know that my thoughts and prayers are with your family during this difficult time. Thank you for sharing a beautiful person with all of us. Her memory will continue to live through the many lives she touched.

“Denise and I grew up as children, lived on the same block, would walk to school together in groups of other children. Over the years as we got older and schedules got more demanding, our friendship faded. We remained connected through family and always had fond memories we would share. Sometimes I ask “why do the good people have to leave us” and the rotten apples remain in this world? A good person gone too soon. A few things I can say about Denise, she was a class act, extremely lady like and when I did see her, she brought a smile to my face. To Andre and her family; Edmond and I are a phone call away and will keep you in our prayers.

“Denise was a beautiful soul that I had the pleasure of working with at Michigan Medicine CPU. She would always stop to say hello when she was in the admin office where I work. We would always share a laugh about something. I sure will miss her visits. May the lord be with you all during this difficult time and may she be in God's loving arms. Continual prayers for you all. Denise was my friend since I first met her 35 years ago when we worked at Henry Ford Hospital. She always had an energetic spirit and enjoyed the finer things in life. I am heartbroken at the loss of my friend and have her husband Andre and all of her extended family and friends lifted in prayer. One fine morning when this life is over, I'll fly away... til we meet again my friend

“ I have worked with Denise in the Cardiac Procedure Unit. When I started over 3 years ago, Denise was one of the first smiling faces I saw. She was always full of life and made me feel welcomed to the unit. Denise had a wealth of knowledge and was always willing to share that knowledge with others. She talked about her husband and how they loved to travel. I will miss Denise bright personality and her love for life and her family. My prayers and condolences for her family and friends. I'm grateful that I was able to share special moments with Denise. May the Lord bless and strengthen you all.

*Blessings,*
