“ *Life has a way of reminding us how important it is. To live, to love, to cherish each moment spent with the ones we love. Donzell was my kids father bestfriend. He loved him so much, more like a brother. Now he's gone and a piece of my significant other's heart is missing. It hurts me to know that at a young age he was taken. I will always remember his huge smile. R.I.P. Donzell.*
