“ *Doreen and I met and became good friends while working at Holcomb Elementary School. Although we didn't see each other much after however, we didn't let a month go by without talking on the phone and always ending with "love you girl". I'm truly going to miss this beautiful spirit. She will always live in my heart. My God bless all of us who love her. Sheila*

“ *Doreen, you and I met at Hubert Elementary School when I was teaching in Special Education. You were such a nice and caring person. I can still hear you saying "Girl, don't let those kids get on your nerves" next thing we would laugh about something silly. You always made me laugh.*

*When I called you on the phone, and you knew something was troubling me, you would say " who's messing with my Janna Joy"*

*Doreen, you will always have a place in my heart, you were a dear friend to me, and no one can take your place, you will truly be missed.*

*A good friend forever,*

“ Doreen and I became close friends during high school. We double dated to our high school prom. There is no one else I would have wanted to share that special time with. Doreen and I had great times together as teenagers. Once we became adults we did not see each other as much but we always made sure we reached out to each other on our birthdays. In the last three years we talked or texted every week. Our conversations were rarely less than an hour. I am struggling with not having our weekly check ins. Doreen was the most positive and strong woman I knew and I am so grateful for our friendship.

*I am sending my love, thoughts, and prayers to the family of our beautiful Doreen Thomas. Kinneta*
