“ *Dear Aunt Dottie,*

Thank you for welcoming me into the family! You made me feel welcome and loved. Thank you for making sure that my children would become readers with your gifts of great books. Today at 27 & 25 they are! You will be missed for your kindness and generosity.

*With Love,
Cheryl & Levi Woods, Jr. (Niece and Nephew)*

“ Mrs. Butts was more than a neighbor on Keystone, but family. Growing up in a time when neighbors shared and cared, she was the essence of both. I loved her beauty, her tremendous zeal for life and her loving spirit. I thank and praise God for allowing me to know this amazing woman of grace and wisdom. She left a huge impact on the Crutcher family. She taught my cousins who lived on Iroquois. They'd stop by to see her when they came to visit. They LOVED them some Mrs. Butts. Her footprint in the earth was vast. Rest easy Queen and from my heart to the Butts and Jackson family, I love you through eternity!

“ I met Dorothy through my sister, Patricia Burnett Cox, who taught with her at Macomb Elementary School. Dorothy was a stranger to no one, she was like a family member to the Burnetts. She was a shining light that will surely be remembered and missed. RIH. To the Butts family, you have my deepest sympathy and prayers for your comfort.

“ Dorothy was always the life of the party. I was lucky to be at her table on our teacher cruise. Because of the laughter she shared, people who met us later on the ship always recognized us with a smile as being from “that table”. Barbara Shea & Dorothy are now partying in Heaven. In fond remembrance of Dorothy with her love & joy.
