“ Hey gma i am speechless i don't know how to express the pain i feel right now. After Des passed away i felt bad and hurt at the same time and the more i spent time with you the more i realized why she loved you so much. Just being around you made a huge different and how i valued our relationship we would get in the car with and go places and laugh so hard you didn't play at all lol you meant business and everyone knew that. I will for ever miss you Rayven will miss you too. Dont think because i wasn't around a lot that i didn't think about you to be honest it got to hard and life happened with working and going through things in my life that i couldn't change at the time. So today if i had one wish it would be to come around more and to see your light up when Rayven and I would walk in that side door and say hey Gma we love you always Love always Rayven and Jacquetta
