“ *Dr. Everette Bernard Hambric*

January 21, 2023 at 09:34 PM

“ *I am so sorry and so sad to learn about my favorite doctors passing. Dr. Hambric has been coming to my home for the last year to take care of me. He was my absolute favorite and we had a liking for one another immediately. My heart is hurting. I can not believe it. I found out today when his receptionist called and told me. There are no words. I am in absolute shock about this. I am so sorry for his wife and children who lost a great man, but a man who I know is in heaven waiting for us to be with him again. I will greatly cherish the conversations we have had and I will never forget Dr. Everette Hambric. With my sincerest condolences, Dwayne Savaya##imported-begin##Dwayne Savaya##imported-end##*

“ Coach Ham was my basketball coach 1979-1981. I had lost touch with him since high school but I am not surprised to learn of his accomplishments since that time. He was a caring man who pushed us to our limits on the floor and off. He made a difference in a lot of lives. Coach was my friend. My prayer for his family is that God will comfort and bless you as only He can.##imported-begin##Allen Morgan##imported-end##

“ Dear Susan and family,  
I know it must have been a shock to hear the news. When I was young my grandmother died in a car accident and I always have been disappointed to have lost her too early; there was so many things I missed about her afterwards which I know will be true for you.  
Though it has been some time since I last talked to Everette, I remember always enjoying talking to him at the residency parties back at Blossom Heath across from East Jefferson. With Sympathy,

He will help you to remain steady and unfuffled in these challenges and times of grief. May His peace give you confidence and surety that God is with you as He is for you. “ Susan and Family, my heart feels for your lost what my words have not the ability to capture. Praying for your strength and that God's unconditional love will continue to provide. This was shared with me when my mother died..."Why? That's what we ask. The truth is, we may never be able to know for sure why. But we do know that there is no single "should have done" or "could have done" or "did" or "didn't do" that would have changed that why. All that love could do was done."###imported-begin###Rozeta Rox###imported-end##

“ To the Schooley and Hambric families. It is very heartbreaking to read of such a talented one, as Dr. Hambric. So many wonderful comments regarding his love for his profession, assisting those on an impromptu basis, students, etc. With all the many accomplishments, he will never be forgotten. All his deeds are recognized by our heavenly father, Jehovah. With so much left to be done, it's not selfish to say, "I want you to stay". Our Grand Creator put eternity in our mind. What didn't get fixed on the inside, will in time, be perfectly fixed, by our Grand Creator, who knows our DNA, to heal our physical body, as well as, our mental and emotional spirit. Including, resurrecting individuals in God's favor. We don't ever want to die. We may do all we can to "bandage" patients, but our Creator will do so permanently. Death was never in HIS original purpose for humans. But, HE didn't give up on us. HE just had to take a different route to accomplish his purpose. Dr. Hambric has the opportunity to live again, in paradise on earth. He can rest now, until his name is called in the resurrection. Even Jesus said, "You will be with me in paradise". Luke 23:43, Revelations 21:3,-5 Isaiah 26:19, Proverbs 3:5-7 and John 5:28 & 29.##imported-begin##Mrs. Malone##imported-end##

“ To Dr.Schooley and family members of Dr. Hambic. I too like many was very sadden to receive the phone call about my friend and neighbor, Bernard. Bernard was a very good friend and good person for as long as I knew him. Of course when he moved, we lost contact, but I did think of him and wondered how he was doing. This is truly a friend that will be missed, but one God will so lovingly keep in his tender care. Please know that I am praying for all of you during this time.##imported-begin##Germaine McAuley##imported-end##

“ Dear Susan and Family,

*I am still in shock that Everette is not with us. He was very kind and gentle and dropped everything to help us when we needed him. You know how R bugged him when he caught him going to work and asked him something about his hip/knee/back surgeries (holding him up of course) but Everette stopped and was kind enough to advice him. I never properly said thank you to him. I have been so sad the last few days. We have been neighbors for so long and many years have gone by and I took for granted that he would be around and I'd thank him one day. Susan, please do not hesitate to come to us if you needed anythig. We are here for you.*
