“ I am deeply saddened at the loss of such a young man. My prayers are with the family at this most difficult time. The bible gives us much hope and comfort ". 2 Corinthian 1:3-4. Jehovah is the, "God of all comfort" and HE helps us understand how He and Jesus Christ feel about death. Death is an enemy that pursues us all. None of us can out run it. Jehovah is far more powerful than death. Jehovah is our rescuer who has already shown (by Jesus resurrection) that he can defeat this enemy. 1 Corinthians 15.26 (As the last enemy, death is to be brought to nothing). John 5:28-29, Jesus said "all those in the memorial tombs will come out" and there will be "a resurrection of righteous and unrighteous".

Sincere Sympathy

“ *First Christmas without my baby brother.*
I read this poem and it eased my pain a little. I just wanted to share this special poem.
Christmas in Heaven
I see the countless christmas trees around the world below with tiny lights like heaven's stars reflecting on the snow. The sight is so spectacular please wipe away that tear for I am spending christmas with Jesus Christ this year. I hear the many christmas songs that people hold so dear but the sound of music can't compare with the christmas choir up here. I have no words to tell you of the joy their voices bring for it is beyond description to hear the angels sing. I know how much you miss me, I see the pain inside your heart for I am spending christmas with Jesus Christ this year. I can't tell you of the splendor or the peace here in this place. Can you just imagine christmas with our Saviour face to face. I'll ask him to lift your spirit as I tell him of your love so then pray for one another as you lift your eyes above. Please let your hearts be joyful and let your spirit sing for I am spending christmas in heaven and I'm walking with the King. by Wanda Bencke 1999.
I miss you baby brother.

“ To the Family of Dr. Zolton Campbell,

What a truly kind, caring, loving man Dr. Campbell was to all who came his way. God was and definitely is well pleased with his soul and spirit.

I am a better person because of him and I will miss him greatly, but will continue to honor his presence in my life's journey. As a patient, I only shared with him a miniscule portion of his life, but the resulting blessings will last my lifetime.

“ I was very saddened and shocked to hear of Dr. Campbell's passing. I have truly lost a dentist, friend, and brother. He always made me feel loved and special on each and every visit! A "family" atmosphere is what he shared and what I experienced. He and I always talked of our experience and U of M and how glad we were to have graduated from there. I received this information late and was unable to express my feelings to the family. I will continue to pray for your strength during this holiday season and beyond. “ To the Campbell Family and Staff Family, I can only imagine how you all are feeling as I know how I am feeling about Dr. Campbell's sudden passing. I was a patient at West Grand Dental, PLLC before Dr. Campbell took over the practice. I was a little nervous at first just having to get use to a new dentist; but upon my first visit with him, I knew right away he was a keeper. He had such a kind and gentle spirit. Although I knew I was not his only patient, he had a way of making me feel I was. He always greeted me with kind words and gentle hugs. He would oftentimes mention his wife, his two sons and his parents. My heart truly goes out to all of you. Dr. Campbell will truly be missed by all. We are so sorry for your loss. Truly, there are not words. We are praying for you and your family. Zolton was just one of those very special, one of a kind, people whom you never forget after meeting. His smile...his pride...his quiet and loving demeanor. I will never forget him holding that video camera and capturing each moment of Clarke's preschool year. Thank God for that. Please know that we are here ready to support you in anyway that you might need. Clarke is an exceptional young man...so full of his parents obvious love and devotion. “ I could not even believe what I was hearing when I learned of Zoltan's passing. We had become friends early in our careers while working together at Rainbow Dental Center. We had just seen each other this fall at a class, and talked for a few minutes about our kids and how we need to have dinner and catch up. I cannot count the times we have said this to each other, unfortunately we never did. This has reminded me how important it is to reach out to your friends before they are gone. Zoltan was a wonderful person, I am so glad that we had the chance to work together and proud to say that he was a friend. I am so very sorry for your loss, my heart goes out to his entire family. I know you must be so proud of him, and I know he is smiling down on all his loved ones.

It is times like this that we must put our trust in a Higher Power. It is He who will deliver you from your sorrows. I pray that you will be blessed and comforted. “ Dear Delores,

I was at first shocked and then deeply saddened when you told me about Zolton’s death.

I kept saying this can’t be real, even though it’s been said, “denial” is the first stage of grieving.

This must be very difficult for you and your boys, and I want to offer my heartfelt condolences.

Zolton always greeted me with a smile while asking, “How’s my dear friend”.

He held me in high regard and often referred to me as his mentor.

Likewise, I had the utmost respect for Zolton, having watched his maturation into a fine man and a caring healthcare professional who was loved by many.

It’s so very hard to know that I won’t hear his greeting ever again, but I shall treasure the times we shared and how I last saw him.

Just recently, he was the program speaker at the Southwest Dental Assistants meeting and gave a very informative presentation. I was very proud of him. Afterwards, the two of us had a good time interacting at that meeting.

Delores, at first I was going to rearrange family commitments, intending to participate in the “going away”.

However, I can’t bring myself to have my last images to be of Zolton lying in repose. I wish to retain the images of how we were last together.

I love him and will miss him deeply.

Wishing you and your family Jehova’s peace.##imported-begin##Dr Harvey Colbert##imported-end##

“ *Dear Campbell Family & West Grand Dental Staff:*

It's always a challenge finding new health care providers, so when I learned that Dr. Perkins was retiring, I was concerned about who would provide me with dental care. I was apprehensive, nervous, reluctant. Exactly who was this guy that would take over the practice? But, after meeting Dr. Campbell all my concerns were put to rest immediately. His warmth, humor and professionalism made me know he would be MY dentist. He glowed when he talked about his family and when I last saw him Dec. 6 he mentioned the soccer adventures of his children. Dr. Z will be missed greatly. May God's Grace surround the family & West Grand staff as you mourn his and celebrate his life.##imported-begin##Alma Wyden Simmons##imported-end##

“ Like many of you, I was deeply saddened by the loss of Dr. Zolton Campbell. To those of us that went to Kettering High School with Zolton, we know that he was a fun person and had a good sense of humor. We can't forget about his intelligence and the ladies can't forget about his good looks.

He was also a professional. He inherited a Dental practice (West Grand Dental) from a fellow Dentist that had retired and when he took over this practice, he became my family's dentist. My in-laws and their daughter (my wife) were already at West Grand Dental so when he came there, I quickly became a patient. He was always cordial and would talk to you while doing his thing, even while his hands were in your mouth.

We have truly lost a great person and I offer my condolences to the family, workmates, his patients, and classmates, and his friends at this sad time in.##imported-begin##Arthur Williams##imported-end##

“ *I was so shocked to hear of Dr. Campbell's untimely death. Just had a cleaning a month ago, and as usual my visit was pleasant and fun. Dr.Campbell's calm, welcoming disposition was something to look forward to. He had promised to make plans to come and see me sing on at one of my performances on Saturdays. Just the thought of not seeing him again and having to find another doctor that will never compare to him is daunting in it self. I know this was the LORD's will to call you, his angel, to come home and you are in heaven looking down and smiling. “ *The entire Ford family was shocked and saddened, beyond measure to learn of the passing of our family dentist, Dr. Zolton Campbell whom we also considered a friend and family member. Our memories of him include his willingness to listen, his calm reassuring demeanor, a quick wit and compelling reassurance regarding what had been shared with him regarding an upcoming procedure or his thoughtful ability to accept another viewpoint on some aspect of human life, or to be encouraging.*

A visit to Dr.Campbell's office was not complete without him sharing that radiant, almost every tooth exposed grin which came to his face whenever he mentioned the loves of his life, his wife and son. The most recent picture of Clarke was quickly rounded up and presented to all eager listeners. Dr. Campbell shared many family stories and on one of my last office visits, we discussed Clarke's most recent interests.

Each of us, Gertrude, LesLeigh and Paula, have nothing but fond memories of our office visits, since each time was like visiting family and a dear friend. May the family find peace and joy in having shared his life and his heartfelt love. You are in our prayers.##imported-begin##The Ford Family##imported-end##
