Hi, this is Monica, Edward's youngest daughter. What kinship are you to my father? I'd like to send you a thank you card.

“ *Family, If I could help you through this difficult time, I would. If I could, but for a moment, make this easier to face, I would. If I could tell you "there's a reason for this," I would. But sometimes the road of life makes unexplainable twists, unfortunate turns, and the whole world seems to be against us. I can't tell you how sorry I am that this has happened. I want you to know that I am here if you want to talk, if you want to cry, if you can find comfort in sharing silence with me. I care. I will miss Uncle Edward and will forever keep the great memories.*

Loving you all forever!

drTo the family of my greatest friend Edward J. Ryles, I would like to say that I'm so sorry for our lost, I know that you hurting and so am I. Edward was my very best friend and classmate, there are so many memories of our school days, as neighbors, our friendship that I will cherish for the rest of my life. I'll miss his smiles, his conversations, his style, and his strong embrace he always gave to show he cared. I can't think of Edward without thinking of how we use to sit in class and talk about our dream car, his was a 1969 GTX, and he held true to that, he got his GTX. May God continue to Bless the Family during this sad time, there will be time you will cry, but there will be time you will find yourself laughing at something he said or did, so just hold on to faith and remember time heal all wounds.
