“ *Wow! How do I begin....Ethel came into our (Helen, Latonya & my) lives around about 1970....I will always respect and remember how loving and completely fully engaged Ethel was to her two beautiful daughters, Elexis and Sabrina. Ethel was ALWAYS there for my mom helping with Latonya & I.....I remember road trips in her family car....I remember how very talented Ethel was with pottery making vases, and other mother-of-pearl pottery she made for others and me back in 1990, that I still have in my home in 2019. Ethel had much style and moxy! A true respectable class act, my memories are replete and run extensively for Ethel.....Rest eternally, Dear Ethel, I will always love you*
