“ George used to educate me about who relatives were. When I was a kid, he would explain who my cousins were that are his daughters. He would say they were bright, and that is something I remember, especially when I saw him or when his name is mentioned.

I used to laugh until tears dropped from my eyes at some of the stories he would tell when he came over to see my father. Goodness, his laugh made me laugh, and I had a great time when I was around him. His sense of humor is something I will remember the most.

It is sad to know he passed away. He will be missed while having good memories of him. I send my condolences with deepest sympathy.

Sincerely,

Walter E. Teamer III "Buggy"
