“ *Everyday that goes by just doesn't feel right. I can't call you every week anymore to check on you but I'm glad that I did when I did. We got memories together me growing up with you and I always looked up to you even as an adult. You may not be on Earth anymore but I'll keep you close to my heart always! I'll keep you alive in my own way even if people think differently of my ways. Watch over me Unc please and just know i'll always love you as my older brother! Take your nap for now until we're laughing and joking once again! Love you always!*

“ *Life is never without a need, never without a problem, never without a hurtful moment... But never forget that we having a Loving God who is protecting, guiding and helping us to attain a meaningful Life! Everything that God allows to come our way is always with a purpose. He uses even the greatest error and deepest pain to mold us into a better person. God now has one of our fallen Angles to look upon us and watch our us, so let's celebrate his life not his passing. Love you co-work Jackie Mills of nine years, Greg you will be truly missed.*
