“ *I remember the first day I met mama West I fell in love with her....she was the most sweet person you'll ever meet...she was very funny..she definitely knew how to put a smile on someone's face and last but not least she was a real down to earth woman and always kept it upfront and honest with you never sugar coated anything...for that she will be greatly missed by me and my daughter Lauryn. I'm very sad she didn't get a chance to meet my son Brayden. Rest up mama rest until we meet again...we love you!*
