“ *I never got to speak at your service or say how I really felt about you but I guess now's the best time as any.!*

*Daddy, I loved you with all of my heart at times I questioned your love for me but I realize that you had trauma and pain that you experienced that made it hard for you to be vulnerable but throughout it all you taught me so much about myself and life in general....I got my sense of humor from you I even got the gift of gab from you but that poker face you gave is written truly all over my face. I love you daddy I pray you rest in peace and always cover me through out this wicked world To my old man until we meet again I'm standing 10 toes down on business for you and that's forever.!*
