“ *My Uncle Henry was the kindest, most gentle and humble person I know. Because of him I have sang in my choir for the last 30 years. I remember going to Church and going to many of the concerts his group would perform at. He is also the reason my eldest son George Williams III, is now an graphic designer at a national company. Uncle Henry would bring him art supplies and gave him his first drafting table. Uncle was a great artist and was always painting and drawing posters and fliers for many churches around Detroit. He was my favorite and I will miss his gentle ways and his kindness. IAM has taken you home to sign in his Choir !! Rest in Peace. Linda, George, Micheal and YHWH.*
