You're absolutely correct Joey. You were the apple of her EYE, and the JOY that filled her HEART from the day you were born till the day she took flight to go be in the PRESENCE OF THE LORD. I love you my Joey. I know I can't replace your Granny, but I've also loved you since the day you were born as well, and I always will, until I go to be in the PRESENCE OF THE LORD. When we get through this storm that our family is faced with in our lives, due to the passing of your Granny, my sister, and just two weeks later, the passing of my Grandsons, your second cousin, I will still be waiting for you to put your feet under my table to enjoy that meal I promised you. I am just waiting for you, (my Joey). GOD BLESS you and give you STRENGTH, and HIS PEACE that Surpasses all UNDERSTANDING in the passing of your Granny. IN THE NAME OF JESUS. Love always, Auntie Mary.

“ My Auntie who I have the pleasure of being named after “Inez” over the last few day’s I’ve reflected on all the memories that I have of you. The reflections made me cry and laugh, thinking of all the wonderful things that made you stand out like a diamond in the ruff your Beauty was radiant like the sun in the sky. Your laughter was contagious and your heart was full of gold. I will cherish the memories until eternity. You are an epitome of what a Auntie should be I love you so much and I’ll miss you dearly. “*We never know when or how our midnight is going to come, but it shall come to us all. Family, we must always remember that no matter what our differences are, and we do have them in life, but we must never forget, that there's more that holds us together than that which tares us apart, and that is love. GOD has founded every family upon love, and love will hold us together no matter how big the storm is, it cannot tear down the boundaries of love. "What therefore GOD has joined together, let no man put asunder." Mark 10:9 KJV. Good night big sis., I love you, and I will always cherish the time GOD granted us in 2019 and in your last days. What memories you left me to hold on to until we meet again. Sleep on Inez, my big sister, and get your rest. I love you and I'm going to miss you.*
