“ *To the Collins Family, I am very sorry for the loss of your son, brother, and friend. Jeff was the most kindest, gentlest, smoothest, person. He never raised his voice and was never disrespectful. He was dependable and a man of his word. Truly a special human being. The world needs more people like Jeff. Love all of you as my own family. Wherever angels return to, I'm sure Jeff is going home. Keep living in faith. Kay*

“ Jeff was my co worker and tool partner for one year,building from scratch, the new dodge truck sterling heights assembly plant in 2018. We basically spent 10 to 12 hours working as a team every day together,7 days a week building the newly renovated plant. Jeff became my best friend and brother during this time..jeff and I were recognized by our superiors every day for not only how well we worked together( a black and white team) ,but also by the quality of worked we assembled and produced together. Jeff was and is the best electrician that I've ever known or ever had the opportunity to work with.
