“ *What can you say about a man who has touched so many lives in such a positive way? If everyone carried themselves the way John carried himself the world would be a much better place. My sincere condolences along with my prayers go out to John's family.*

In the softball world I first met John at the old Softball City back in the 1980's. I was fortunate enough to play alongside John on several teams and enjoy the quiet confidence he instilled in you just by his presence on your team. I was also unfortunate enough to have to take the field against John. Speaking from both sides of the field, John was the first guy you wanted on your team and the last guy you wanted to see on the other team, he was that great. You could say that on the field John definately spoke softly but carried a big stick.

On the field John never put himself over anyone, he treated everyone with respect and dignity. I never heard him say a bad thing about anyone. I suspect he was that way in his everyday life too. The dugout will seem a little empty next season. Eternal peace to you Super, those of us who could count you in their circle of friends were truly blessed.

Your friend

Ozzie

“ *Super, you took me in as your little brother when I joined the department team. You showed me how to make the transition from hardball to softball and I can't thank you enough for that.
