“ Cuz,

I never thought in a million years I would be writing a memory message for your funeral. It doesn't seem real at all and it never will. I can remember growing up on Taylor, staying at each other's houses, playing ball together, kicking it all day, and having fun. I will forever cherish those times. We didn't know the day God was going to call your name but in life we loved you dearly and in death we will do the same. It breaks my heart to know that you are gone but you didn't go alone, for part of us went with you. You left us wonderful memories and lots of love as a guide. Even though we can't see you, you will always be by our sides. Our family chain is broken now and nothing seems the same but as we all continue to be called home at some point, that chain will link back together again. I'm glad we got to see each recently and one day we'll see each other again. Love you Cuz.
