

Mr. Jordan Dominic Holiness

April 21, 1991 - November 24, 2017

Jordan's Journey:

Jordan Dominic Holiness was born on April 21, 1991 in Detroit, Michigan to Steve Joe Nelson and Deborah Denell Funchess. He was the third eldest out of five siblings. In his early education, he attended Pitcher Elementary, Taft Middle and Cass Technical High School, all in the Detroit Public Schools system.

As a senior at Cass Tech, Jordan had the privilege to be a part of the Midnight Golf Program (MGP). While in this program, he learned the key elements and foundation to aspire and become a leader. Jordan participated in a college campus tour given by MGP (road trip to success). Subsequently, leading him to Ferris State University.

While at Ferris State, he immersed himself in college life wholeheartedly; becoming involved in numerous organizations such as Black Leaders Aspiring for Critical Knowledge (B.L.A.C.K.), where he served as treasurer, liaison and ended his senior year as President; Delta Sigma Pi a business fraternity, and he was a charter member of Black Student Union (BSU). Jordan graduated from Ferris with a Bachelor of Science/Business Administration Degree on May 10, 2014.

After graduating Jordan interned at Michigan First Credit Union headquarters

in Southfield. He was able to gain valuable on-the-job training before joining Qualis Automotive as a Business Analyst. Jordan started at Qualis Automotive in Madison Heights but when the company moved to Memphis, Tennessee, Jordan decided to embark on a new career move in a different state. Jordan enjoyed the opportunity of the move and Qualis worked tirelessly to accommodate his hectic schedule.

Jordan loved being in the company of his family and closest friends, not doing anything special just relaxing and enjoying life. Through all his trials he maintained a positive attitude, a quick wit, a humorous remark and a laid-back demeanor that made him unforgettable. His motto for his life goals: "I came, I saw, I conquered," indeed he did!!

Jordan departed this life on November 24, 2017.
