“ *I met Joyce in 1971 when my family first moved to Detroit. Joyce and her family immediately became part of our Detroit Family (we're from Pittsburgh). She and Mom became close friends, so we kids were often included in their outings, including evening trips to Big Boy's for the hot fudge ice cream cake. There was rarely a family gathering without the Woods family. Joyce was a pleasure to see during lunch hour at Henry Ford High School. Her warmth and special ways will always be remembered. She and Lester both will always be remembered.*

*I'm blessed to have such special memories of Joyce (and Lester) Woods.*
