“ You never missed a birthday or an anniversary .. even though we had never met in physical form you always made sure that your niece and nephew along with your brother and I ;always felt important and loved by you!!! Just as simple as a birthday or anniversary wish ; it meant the world to me and It never felt that we had never met... and I will always remember and cherish those little things that go unnoticed... but we noticed and so did your niece and nephew-our birthdays and anniversaries to come **WILL GENUINELY NOT FEEL THE SAME!!!** Continue carrying your protective spirit and beautiful soul... we love you sister /auntie Juan and until our god brings us together again... you will always be here with us.
