“ *Karen my elementary school classmate, neighborhood friend and sister in Christ! I'm saddened to know the earth 🌍 will not experience your presence for a while!!! Yet I'm excited to know I will see you in our Fathers house! I recently found out you have made you transition to Glory!!! Thank you for the tapes from Miles Monroe that transformed my life!! You sent these to my place of employment in 1998 I will never forget this because my life and so many others have been impacted by these teachings you shared with me! I continue to pray for Giles as we called him on the football team I'm certain he has a void now that only God will fill! You two were destined for each other! Blessings to you looking forward to seeing you in Glory!!!*

“ *Karen you slipped away on me. We've been through so much and you were always there to help navigate me through. Your wisdom, strength and encouragement. You always had my back. I don't have words to express what you were to me, you were a true friend. My prayers go out to the family. I know what she was to you all and how much she loved each of you. I'll see you later friend that's my comfort for now.*

We are saddened at the passing of “ Aunt “ Karen. The Binion family has been privileged to share her beloved nephews with her.
