“ My deepest condolences to you and your family during this difficult time. Karis was an amazing person. His kindness and smile brought so much joy to those around him. I remember him giving me a tour around Belle Isle on my first visit to the then newly acquired park. He was so engaging as he showed us around the various buildings and locations. His enthusiasm as he outlined the both the challenges and opportunities on the island was truly intoxicating. Many people in the DNR will tell you similar stories of Karis. He will be truly missed. Especially that smile!

Karis was a very kind and fair man. He gave me great advice and i ended up getting my degree because of his advice. He gave me work experience on all shifts at the park. He stood up for what was right. Never raised his voice or acted unprofessionally. He was a great manager. I am sorry i never got to visit him after leaving the park. I thank God for all the good people who crossed my path. He was definitely one. God rest his soul in perfect peace. Prayers for the family

“ *Karis was one of the first DNR people I met. He was gentle, laid back, and a pleasure to work with - ALWAYS. I'm really going to miss this gentle soul. - Lisa Crozier-Green, DNR Procurement*

“ *Karis hired me for my first supervisory role, and I must admit that during my interview I was completely intimidated by his presence. He was a mountain of a man and had a very serious look on his face. It wasn't until he offered the position to me and met me on my first day, that I realized he was a gentle giant with an infectious smile that instantly put me at ease. I enjoyed working with him and wish I had more time to know him, but I'm happy to have had the opportunity to know him at all. My deepest condolences to his family for your loss.*
