“ *The most beautiful person you could ever meet!!! We miss you lil sister, there will never be another you walking with the perfect little purse and heel!! Lee Lee love and miss you unconditionally, I wish we could have gotten our goodbyes in but then again it's not necessary because you can come to me whenever like you have! I will NEVER forget you, the greatest friend I HAVE. You have always been and remain a great spirit to have near!*

“ I write this tribute with a heavy heart because I feel that I've truly lost a member of my family. Having been Kelsi's dentist all her life, we have had our highs and lows but I truly feel that over the years we have developed a relationship of mutual respect and love. We even learned to laugh together - which was saying a lot for the evolution of our doctor-patient relationship. 😊. I truly admired that quiet strength that Kelsi brought to every situation. She accepted her health challenges and dealt with everything that came her way with an amazing maturity and once she made up her mind - good luck with changing it!! My deepest sympathy, love and prayers go out to the entire Newson family.

I know you will miss her because I will miss her too. Try to find comfort in the fact that God in His infinite wisdom saw fit to grant Kelsi His eternal peace and joy. May your memories of her and the love of God give you the strength you need to deal with this loss. My staff and I are there for you in any way that you need us. May Kelsi rest in peace.

With all our love,  
Dr. Angela M. Rogers and
