“ *Ken is one of the nicest men I have known and to work with.*

He was very sincere and loved his family totally. He talked about his children and wanted the best for them and for them to want the best and be the best they could be.

I pray peace and God's sustaining comfort for his family and for them know that he is alright and has made his peace with God for he believed that Jesus Christ is the Son of God and lived this life as best he could. What he couldn't do Jesus covered which gives Ken peace with God.

I thank God for knowing such a God-fearing man.
