I appreciate your insight, your work ethic, and your pure honesty. Let’s not forget your leadership for getting the job done! “Not on my watch!” you’d say lol. I miss you Kim. “ Kim was a very good friend that always looked out for me. She loved my whole family and we will always love her. She even loved our new granddaughter that she helped at the hospital and was the 3rd person to hold her.

Kim will be deeply missed and always loved by us. There was no one like her. This is hard for me to take.
