“ *Dear Larry and Marcella: The death of one's child is seemingly too devastating to bear. However, if you place your trust in The Lord, then he will see you through. We don't always understand, but God has a plan for each and every one of our lives. Rest assured in the fact that "Lil Larry" is now an angel in Heaven, watching over the rest of us, waiting on the days when we will, once again, all be together.*

Praying every day, with love, Pat

“ *Cousin it's been years since I last saw you. I've kept up with you by asking your father about you. My last memory of you was playing at my house together before I moved to NC. We both had the My Little Buddy dolls. Although I haven't seen you know you're in my heart always. I can't question God about why he gave you your wings so early but you've soared on anyway. I will always cherish your memory and hold you in my heart. Watch over me until we meet again.*

*Love Always and Forever

“ Little Larry, in my heart and my thoughts I still see that image of a little boy playing with his cousins and enjoying life. So much laughter in your voice and the smile on your face as you chased your cousins enjoying each other’s company. When I moved away I never got the opportunity to see you grow into the man you became. Although I missed those important years you never ceased to be in my heart or in my thoughts. My love goes with you until we meet again. You will be missed my love. I love you very much!
