“Mrs. Baker was like a sister to me and during her lifetime she went out of her way to befriend me in so many ways, never asking for anything in return. She was God-fearing and God-loving, extending her love to all those who came within her reach.

*Louise, my sister, extended herself to my relatives all the time. She was especially fond of my grand-niece and -nephew, Natalya and Nikolas. When not in Detroit, they would talk via telephone, as they lived in another state. And because of Louise, they often had the pleasure of being treated by Kimberly, Louise's daughter. (And in Kimberly, I was privileged to have another niece.)*

*I will miss Louise more than I can convey. She was my friend. She cared about how I was doing, and I cared about her. We'd check on each other via telephone and send mail when there was other information we wanted to share. We also shared birth months, with one day separating our birthdays.*

*I shall miss my friend, my sister, but she will live on in my heart. Such kindness and caring cannot be forgotten in this lifetime!*

*I want both Kimberly and Charles to go on with their lives in the way they've been trained and with the example set by their mom.*

*Louise lives on in my heart and in the hearts of those she leaves to mourn her. We know that because of her faith and love of the Father, who is in Heaven; she is at peace. We now have another angel to look out for us as her spirit lives on.*

*Your sister,  
Gwinnette*
